## EVENTS OF 64TH NAVAMSA FROM PLANETS AND POINTS IN THE LIFE OF MRS. INDIRA GNDHI – A CASE STUDY

The 64th Navamsa is the 210th degree i.e., the 8th house aspect (dexter quincunx aspect according to Western Astrology).

The 64th Navamsa from that occupied by a planet will be the same Navamsa in the 8<sup>th</sup> sign, in order of sequence.

For example, a planet is in Mesha 8°\_30' in the 3rd Navamsa from the beginning of sign Mesha, the 64th Navamsa will be the 3<sup>rd</sup> Navamsa in Vrishchika, the 8th sign. The 64th Navamsa will have the same degreecal Navamsa are, i.e., in the above example the Navamsa of the planet ranges from Mesha 6°\_40' to 10°\_00'; and the 64th Navamsa will range in Vrishchika from 6°\_40' to 10°\_00' ; and 64 divided by 12, will leave balance 4: so the 64th Navamsa sign will be the 4th sign from the planet 's Navamsa sign Leo, in the above example the said planet is in Mithuna Navamsa of Mesha sign; so the 64th Navamsa sign will be Kanya in Vrishchika sign.

The concept of the 64th Navamsa has been developed by different authors from various standpoints:

- Jataka Parijata reckons it from the Moon;
- while Brihat Parasara Horas Sastra reckons if from the Moon and from the ascendant;
- while Prasna-Marga reckons it from the Moon, the ascendant and the Sun also.

When the lord of the 64th Navamsa from the ascendant Navamsa occupies Dusthana (i.e., the 6<sup>th</sup>, the 8<sup>th</sup> or the 12th bhava) and is in conjunction with:-

- (1) Saturn, the native born will die by swallowing poison;
- (2) either Rahu or Ketu. his death will be by hanging.

**2nd Rule:** The 64th Navamsa from the ascendant Navamsa viz. Vrishchika – is Kumba whose lord Saturn conjuncts ketu in the Natal Chart in the 6<sup>th</sup> house. Mr. Zulficar Ali Bhutto's death took place on 18-3-1978 by hanging (execution).
