Switchwords are powerful one-word affirmations which attract desired experiences, help clear unwanted energies and can be used to help ease astrological imbalances, enhancing life experiences. Switchwords were first introduced by James T. Mangan "The Secret of Perfect Living" first published in 1963. Shunyam Nirav brought them back into focus with his book "Switchwords, Easily Gives to You Whatever You Want in Life" in 2006.

The Switchwords and Switchphrases in this article are also available for easy access and use without need to memorize or research them through the Astrological Imbalances, Karmic Problems and Bad Luck file linked to the Emotional Freedom vial.
